

ARRANGE SHOWS FOR LABOR MEET

S. A. Dailey Is Preparing
to Bring Splendid Fair
Here August 27.

FEATURE CARNIVAL

Will Be 50 Attractions to
Please Delegates to
Convention.

As the time draws near for the state convention of the State Federation of Labor which will open a two-week session in this city on August 17, plans for the entertainment of the five thousand delegates expected to attend are being brought to a solution by S. A. Dailey, chairman of the street fair and carnival committees for the Tulsa Trades and Labor council and the man who has the active charge of all arrangements for the convention.

With a great deal of detail work yet remains to be done, there has been much accomplished by Mr. Dailey and his assistants, and he announced last night that he had made a complete arrangement for several attractions which had never been brought together before in any city.

Is Greatly Pleased.
"I am greatly pleased with the arrangements made with Wennerman Brothers of Springfield, Mo., the leaders in masquerade shows," said Mr. Dailey, "for now we are assured that everything will be in readiness for the grand masquerade balls which will be held the 19th and 20th."

Mr. Dailey announces that on these nights the entire delegation body and all friends of the organization will be invited to participate in the masquerade ball which will be held on the streets adjacent to the convention hall. For the purpose, the surface of the pavements at these places will be especially treated, and the highways will be enclosed with canvas walls.

There will be concessions of all kinds in the grounds reserved for the street carnival, and among the leading attractions which have been secured by Mr. Dailey for the affair are the Thelma Electrical sports, one of the greatest attractions of its kind now on route.

Monte, the three-legged freak and educated horse animal which has been taught to add, distinguish colors, read a watch and execute other feats which seem almost impossible for a horse.

Eighty Alligators.
There also has been secured The Wonderland, which includes a farm of eighty alligators, some 12 feet in length, and many other strange animals.

"The Days of '89" is another attraction which has been secured by Mr. Dailey, who states that this show was one of the feature attractions of the "Day of the Century" at Seattle, the "Zone" at San Francisco and along the "Midway" at San Benito.

And then, last but not least there is to be the Dixie dancing girls. This attraction is said to be one of the real features of the carnival, which is booked to show in Tulsa during the convention of the Labor federation. There will be another half hundred just as good.

BLAME OLD SOL FOR MIDLAND WRECKS

Theory Advanced That Sun
Kinked Rails Caused
Three Derailments.

Three wrecks in two days is the record that has been hung up by the Tulsa division of the Midland Valley railroad, as a result of two minor derailments yesterday which demoralized both passenger and freight traffic through Tulsa.

The first one yesterday happened about thirty miles north of this city. The southbound passenger train which is due in Tulsa at 9 o'clock in the morning was stalled by the engine leaving the track and ploughing up several feet of ties. No one was injured and little damage other than the track wreckage was done.

A wrecking crew was immediately sent to the scene and after an hour and a half's work the track was opened. The delay was three and a half hours.

The officials had barely taken a quiet breath when reports were received that two freight cars had left the tracks near the same place at 2:15 o'clock in the afternoon. The freight was loaded with valuable merchandise and was from Pawhuska.

Wreckers Called Back.
The wrecking crew was called back for another job and after another hour the main line was open again.

The first wreck of the epidemic happened Friday when the tender of a passenger engine left the tracks six miles south of Tulsa, tying up traffic and holding passengers on the hot prairie for six hours. The train was from Muskogee.

There was a persistent rumor about local yards yesterday that the wrecking train had during its various trips, left the tracks once but this was denied by Midland Valley officials.

When asked yesterday of the cause of the accidents, General Superintendent Green, who was in the city from Muskogee, said that he was entirely in the dark as to their cause. He explained that it was merely one of those unaccountable things that come to railroads.

One of the theories advanced by old railroad men is that the derailments are being caused by "sun-kinked rails." This is the term applied to rails which through faulty construction unusual heat and drought

KIDS TELL JUDGE ABOUT BAD DRIVER

Then City Court Official Plasters Fine
on Man for Disorderly
Conduct.

Three youths, aged 6, 8 and 10, filed down the aisle in municipal court yesterday afternoon and one by one elicited upon the witness chair to complain against James Cassidy. As a result of their stories Cassidy was fined \$25 by Judge Cavitt for assault and battery.

Cassidy, who is a laundry wagon driver, was arrested Friday when an officer saw him reach out and savagely lash at the three youngsters with his buggywhip. Cassidy said that the boys had aggravated him and had frightened his horse by shouting "whoa," "back" and other orders while Cassidy was trying to back his wagon up to the curb. Judge Cavitt decided that a man with such an evil temper should be given something to take his edge off.

"Kids are home now, mister," said the youngest of the three complaining witnesses, as he looked into the face of the judge after the case was concluded.

ROBINS FALLS IN WITH G. O. P. HEADS

Progressive Leader Says It
Is Manifest That His
Party Is Dead.

CHICAGO, Aug. 7.—Raymond Robins, chairman of the Progressive national convention and candidate of the Illinois Progressives for United States senator in 1914, announced today that he would support Charles Evans Hughes, Republican nominee for president; declared that it was "manifest" that the Progressive party was dead, and asserted that he and his associates should join with the sincere Progressives in the "common struggle for social and industrial justice in this state and nation."

In the statement which was addressed to the Progressives of the country, Mr. Robins said:

"We Progressives stand at the crossroads. American social, industrial and political life has broken down under the old national mind and conscience. We are developing social, industrial standardization, efficient political honesty; from a self-controlled democracy; this is the goal we seek. We believe in the character and courage of the people of the Republic. He is the most conspicuous example in our history of the possibilities of American power and selfless public service. For myself I gladly enlist with the great majority of the Progressives of the nation under the leadership of Charles Evans Hughes."

Needs Leadership.
"The supreme need in American political life is leadership supported by a voting rank and file that will organize and maintain an adequate social, industrial and military preparedness, together with a statement of the foreign policy," the statement said.

"Can these imperative national needs be worked out by a states rights dominated militia with its menaces of shiftness, incompetence, spoils politics and organized snobbery in a national defense force at a time of world peril."

"Comprehending our national needs, how can Progressives hesitate long to choose between the party of nationalism and the party of sectionalism? Should not wise and sincere Progressives go on in massing their shoulders to shoulder with Progressive Republicans help and be helped in our common struggle for social and industrial justice in this nation. If this is generally done we can continue to work together and bring back a chastened Republican party to its ancient faith in human rights and national integrity."

Reviewing the party history the statement said:

"In the 1914 and 1916 primaries, the Progressive voters of 1912, deliberately and in overwhelming numbers, abandoned the Progressive party. The refusal of the Progressive national committee to favor a third ticket candidacy did no more than to make final the judgment entered by the Progressive voters. The Progressive party, therefore, abandoned the Progressive party. The Progressive party, therefore, abandoned the Progressive party."

DOCUMENT EXPOSES FRISCO BOMB PLOT

Police Raid Headquarters and Say
They Have Full Evidence
of Occurrence.

SAN FRANCISCO, Aug. 7.—Documentary evidence secured by the police in a raid on the headquarters of the preparators of the preparedness parade bomb outrage has laid bare all the names and facts connected with the plot and will assure convictions of suspects in custody, according to an announcement made today by District Attorney Fickert.

The location of the headquarters, the time of the raid and the exact nature of the papers seized were not made known. District Attorney Fickert declared that the evidence found was far stronger than any yet secured.

The alleged discovery today that a suitcase containing 24 sticks of dynamite and near San Mateo a month ago belonged to W. K. Billings, who the police say planted the bomb, also added to the mass of evidence of the offense.

The dynamite was used to destroy the towers carrying power to the United States of this city, against which the bomb plot is said to have been directed.

Investigation tinge was given to the investigation when it was announced E. H. Hoar, professor of criminology and criminal psychology at the University of California, had arranged to make an expert examination of Billings.

Writs of habeas corpus were secured today for Billings and Edward E. Nolan, ex-labor leader, in custody, regarding Wednesday. Grand jury indictments charging the men with murder will be asked tomorrow night by the district attorney.

RUSSELL WINS BUT HIS MEASURE FAILS

Literacy Test Defeated by
18,453 Majority in
36 Counties.

DEMOCRATS DUBIOUS

Parkinson, a Republican
Nominee, Looked Upon
as Next Commissioner.

OKLAHOMA CITY, Aug. 7.—The official figures of 36 counties that had been received by the state election board today showed a majority of 18,453 against the literacy test. Only four counties so far heard from had there been a majority in favor of the amendment. They are Muskogee, Wagoner, Carter and Tillman counties. It is believed that the measure will be carried out in the other counties and this being true, the measure will have been defeated by not less than 35,000 votes. It was reached 10,000. This will be greatly in excess of the majority by which the original "grandfather clause" was carried, which was 29,000 votes. Both measures were submitted identically the same way, the same trick being used. But the "grandfather clause" was submitted by itself. It is believed that had the literacy test been submitted alone it might have stood a better chance. On the other hand it is argued that the people were becoming tired of buckling up against propositions to change the constitution, after it has been preached to them and to all the world that Oklahoma's constitution was the best ever.

Interest in Race.
Interest all centers now in the race for the nomination for the long term corporation commissioner. The official count of 36 counties shows Campbell Russell leading J. H. Johnson by 1,265 votes. Those counties do not include Muskogee, Haskell and others in which Russell claims a large lead, nor do they include Oklahoma, Caddo, Kiowa and Jackson, where Johnson also claims a heavy vote. The latter battle is today, however, that Russell probably had him beaten by a small margin.

Willmerring is third in the race with Harrison and Watson following in the count. Willmerring has 13,240; Harrison, 11,975; Willmerring, 10,566; Harrison, 10,238; and Watson, 9,908. This is quite a difference from the first returns on the state ticket, when Harrison and Watson were shown to be somewhat in the lead.

Concede Election.
Conceding the nomination to Russell, many Democrats are dubious about the final election. It is said there are 30,000 votes in the election are influenced by old money, the prediction has been made that every old man in the state will vote against Russell for commissioner. This will defeat him if they vote against him, for that is too much for a handicap to overcome. Frank Parkinson of Lawton, the Republican nominee for the long term, is looked upon as the man who will be the next commissioner for the long term. He has been an extensive acquaintance in the state and will make an unbiased official. Russell made a remarkable showing in the race, however. He has been accused of making the oil tax a higher tax, and it was his fight in the senate during the special session that made the rate of three cents instead of two in the new gas production oil tax. It is said that he has not yet initiated a bill calling for a five cent tax. He also opposed sending half of the tax back to the county where it was produced. By every way of reasoning, all the oil men and the state had to do with oil at all, would be against him. But he may prove the wonder that he has in the past.

Following the vote by counties on the literacy test in the 36 counties. There were 37 counties received, but one county, Pontotoc, had not enclosed the vote or the test.

WELL, OLD DIMMER
LAW BOBS UP AGAIN

Police Get Busy and Arrest Three
Who Do Not Show Up in
Police Court.

An echo of the once famous campaign for dimmers on automobiles was sounded in municipal court yesterday afternoon when three automobile owners, charged with the violation of that ordinance, forfeited bonds of \$2 each for non-appearance. It evidently fell into the minds of the police department Friday night that the ordinance had slipped their memories for a few days and as a consequence A. A. Orin, F. L. Lewis and J. C. Hughes were arrested for perjury in displaying glaring headlights.

Chief of Police Lucas said last night that the department was maintaining a religious watch for offenders against the dimmer and the three cases were the result of no new orders.

"We have been after them all the time," said the chief, "and only the fact that the most of the autoists are obeying the law is keeping them out of court."

Can't Find Auto.
Special to the World.
BLACKWELL, Okla., Aug. 7.—An automobile owned by E. H. Peine of this city was taken from his garage and officers have to date, been unable to locate any trace of the thieves. The car was stolen last night, and, according to a neighbors story, who saw them leave, but did nothing because they thought it was Mr. Peine going somewhere, ran the car out on the street and into the garage, but the top down, filled the radiator with water, looked after the gasoline and oil and then drove off.

This is but one of a number of automobile robberies that have been reported in this section in the past few weeks and officers are working in connection with Kansas authorities just across the line in an attempt to pick up some of the thieves.

Wins Marathon.
TACOMA, Wash., Aug. 7.—Eddie Rickenbacker won the Montanamarathon three hundred mile automobile race at the Tacoma speedway today. Thomas Milton was second and Dave Lewis was third. The winner's time was 3 hours, 21 minutes and 40 seconds.

EAST LICKS WEST IN NET TOURNEY

Tenderfoot Win Five of Six Matches in
International
Matches.

FOREST HILLS, N. Y., Aug. 3.—By a score of six matches to one, the eastern tennis team defeated their western opponents in the international tournament which has been in progress here for two days. With a lead of four victories in singles scored yesterday, the matches were completed today with the winning of one doubles and one singles match out of the three contests scheduled.

The only victory for the west was that of the native doubles champions, William M. Johnston and Clarence J. Griffin, who defeated Frederick B. Alexander and Karl H. Behr, 7-5, 6-2, 2-6, 6-3.

W. E. Davis and R. L. Murray of San Francisco, lost to H. Norris Williams II and George M. Church, 6-3, 6-2, 6-2, 6-2, 1-6, 6-3. In the singles N. W. Styles of Boston defeated H. H. Roberts of San Francisco, 7-5, 6-3, 6-3.

WALLACE IS MADE
EVERS' ASSISTANT

Takes Place of George
Reeves, Who Was Fired
by County Attorney.

IS CALLED COMPETENT

Discharged Official Cam-
paigned Too Much, Is
Charge Preferred.

The official can having been tied to George Reeves, the quibble in the county attorney's office was settled yesterday by J. P. Evers when he succeeded to appoint T. L. Wallace to fill out the unexpired term of his former first assistant. The oath of office will be administered to Wallace when the county commissioners meet tomorrow morning in regular session.

Wallace was employed by County Attorney Evers during July when he found it necessary to be out of the office a part of his time to conduct his campaign for the nomination. He has been in close touch with the affairs of the office and is qualified to take up the duties of first assistant. Evers says. He will become connected with the office immediately.

Mr. Evers emphatically denied yesterday the published statement that he had signed his approval to Ed Warren's candidacy for the Democratic nomination for justice of the peace. Warren, who is second assistant in the office, declared yesterday that the county attorney had requested him not to make the race, as he would not have the time to devote to the campaign.

"The firing of Reeves was purely a business proposition," said the county attorney yesterday. He has been first assistant in my office for five months and he refused to attend to business. He had not put in a full week's time since his appointment during the entire time.

"I have no personal feeling in the matter whatever, but the county is entitled to the time of a man when it is paying for it and as there is a large sum of business on hand to attend to I must have active help. This is all I have to say on the matter."

According to Mr. Evers he would have discharged Reeves sooner, but friends begged that the first assistant be allowed time to do his duty. This he refused to do and the ax fell.

WANT TO CONTINUE
MUNICIPAL MUSIC

Business Leaders at Meet-
ing Also Discuss Plans
for Booster Day.

MUNITIONS ENTER
POLITICAL DEBATE

House Will Investigate Charge, Man-
ufacturers are Supplying Cam-
paign Money.

WASHINGTON, Aug. 7.—Investigation of munitions ships to Mexico since they were first prohibited by President Taft with particular inquiry whether any persons connected with such shipments was a contributor to political campaign funds, was asked in a resolution introduced in the house today by Representative Rodenberg of Illinois, Republican.

Introduction of the resolution was a sequel to Mr. Rodenberg's speech in the house yesterday in which he declared that Cleveland H. Dodge of New York was interested in a munitions factory, that he was a contributor to the Democratic campaign fund, and that General Carranza was permitted to import a million rounds of small arms ammunition a day after the house vote on Secretary Lansing's report after the attack on American troops at Parral.

The Rodenberg expressly stated he did not know there was any connection between things he mentioned, but he wanted to find out. The resolution was referred to the foreign affairs committee.

LOVE OF CLOTHES
CAUSES DOWNFALL

Walter McGee Given Sixty Days in
Municipal Court for Steal-
ing Trousers.

Walter McGee, a negro, was given sixty days in jail for petty larceny in municipal court yesterday afternoon. McGee was arrested yesterday morning on complaint of the managers of a clothing store at 215 East Second street, from whom he had taken a pair of trousers. According to the testimony McGee worked the old scheme of having a pal ask to look at some merchandise, while he slipped the trousers under his coat.

The salesman, however, was too alert and followed McGee down the alley at a fast clip, finally catching him. The co-worker got away.

Becomes Annoying.
"Imitation is the sincerest flattery." "Maybe so, but I don't like to have too many women copying my gowns."

AMBULANCE UNIT ALMOST ASSURED

Dr. Boso Sends Word From
Capital That Matters
Assuming Shape.

Word was received from Dr. Fred Boso, who is now in Oklahoma City for the purpose of holding a conference with Governor Williams and Adjutant General Earp relative to the organization of the ambulance company in Tulsa, that he would remain in the capital until Monday, by which time he hoped to have some definite information on which to proceed with the organization.

Others, also interested in the organization of the ambulance company, in Tulsa, announced yesterday that little difficulty would be encountered in recruiting the company to full war strength of eighty men, and that it is possible that within three days after Dr. Boso returns with his commission to proceed with the recruiting, Tulsa will have an ambulance company organized and ready to receive equipment and entrain for service in the Mexico war zone.

Doctor Boso's telegram bore a few words of assurance that everything was working as planned at the headquarters of the adjutant general, and that he expected to complete his mission by Sunday evening, when he will return to Tulsa and begin active work of recruiting the company.

NEED NEW LAWS TO
PROTECT BIG DITCH

Congress Requested to Supplement
Rules Against Spies in That
Region.

WASHINGTON, Aug. 7.—Activities of persons suspected of being spies employed by foreign governments to acquire information regarding the nature and extent of the defenses of the Panama canal have made the administration decide to request congress to supplement the existing laws against the improper acquisition of knowledge of military and naval plans and fortifications.

Several of the military powers of the world are believed to have undertaken to obtain information as to the character of the defenses of the Panama canal. The latest incident to excite suspicion is the operations of a little Japanese power vessel, ostensibly a fishing launch, which sought to obtain a permit for pearl fishing in the waters of Panama bay and vicinity. The canal authorities have been warned that this craft appeared to have been making surveys.

CITY GETS \$60,000
LESS THAN DESIRED

Excise Board Only Allows
City \$130,000 for Year-
ly Expense.

The county excise board lopped off \$46,000 of the estimate made by the city commissioners for the running expenses of the city of Tulsa for the ensuing year at their meeting yesterday. The commissioners asked for \$180,000, exclusive of interest on sinking funds, to care for previous bond issues. The excise board pruned it to \$130,000.

Together the commissioners and the excise board went over the budget carefully to see where the cuts could best be made. The commissioners told the board they needed \$190,000 badly but Judge J. H. Ramsey replied the county could not lawfully give the city more money this year due to the failure of the eight mill appropriation bill.

City Auditor Newkirk said the city could get along with an eight mill levy and that he hoped the next session of the legislature would pass a bill allowing such a levy.

No Desire to Go On.
A prisoner was in the dock on a serious charge of stealing, and the court by the prosecuting solicitor, he case having been presented to the court was ordered to stand up.

"Have you a lawyer?" asked the court.

"No, sir."

"Are you able to employ one?"

"No, sir."

"Do you want a lawyer to defend the case?"

"Well, what do you propose to do about the case?"

"Wee-ll," with a yawn as if he was weary of the thing, "I'm willing to drop the case, far's I'm concerned."

Expert Testimony.
Young Mrs. Cornell was a bride of but a short time. One afternoon she confided to her friends at a pink tea that she was sure her husband never played poker at his club.

"How," queried one of the women, "did you find that out?"

"Oh," explained the young bride, "I met a couple of the members of his club the other day and I asked them 'Can Perry play poker?' They looked thoughtful for a moment and then answered very sincerely: 'No!'"

Similarity and Difference.
"Miss Gadder reminds me of a phonograph record, she goes around talking."

"She may be like a record, but she's not like the phonograph, for that runs itself down while she runs down other people."

City News in Brief

W. O. DIXON WILL leave today for Colorado Springs where he will join his family.

HARRY BAGBY OF VINITA, secretary of the Oklahoma Bankers association, was in Tulsa yesterday.

THE REV. L. E. FLOYD of the First Baptist church returned Friday from Colorado Springs and will fill the pulpit of the church today.

FUNERAL SERVICES for Frank L. Rainer were conducted yesterday afternoon from the home, 413 North Detroit avenue, after which interment was made in Rose Hill burial park.

THE CONDITION OF J. B. Seab, who was brought here Monday from Iola, Kan., where he was injured in a gas explosion, is much improved. He is at the Physicians and Surgeons hospital.

J. BURR GIBBONS and Ed Hofstra, executive officers of the Hofstra Manufacturing company, left Friday night for New York and other eastern points on a buying trip. They will be gone about two weeks.

ANOTHER COOL NIGHT and comfort for the city asleep was the order of things last night. During the day the thermometer climbed to 101 but slumped considerably last night. Overcast skies gave promise of a most welcome rain.

PAT MALLOY is recovering from two minor surgical operations performed at the P. & S. hospital last Friday. He expects to be up and around by the first of the week. Mr. Malloy has completed plans for his new residence in Maple Ridge.

RANDOLPH HOSE, Raymond Houtland and L. J. Mangin will leave this morning for Kansas City in an automobile. After stopping there for a couple of days they will continue on to Chicago. John F. Egan of Sapulpa will drive his car through with the young men.

ABANDONMENT IS CHARGED in the suit for divorce filed in the superior court yesterday by James Bennett from his wife, Beattie Bennett. The couple was married in Onondaga, N. Y., and Bennett alleges his wife left him without cause after their last lived happily for eight years together.

MARRIAGE LICENSES were issued yesterday to M. D. McAnelly, Tulsa, and Clara N. Nichols of Tulsa; to Stricker, Sand Springs, and Myrtle Shands of Tulsa; Cecil R. Bennett, Bixby, and Gladys Cummings of Bixby; Rosecoe Beardmore, Tulsa, and Lenora M. Waul of Shawnee; I. Dicken, Tulsa, and Helen Vester of Tulsa.

WORD WAS RECEIVED yesterday that Arthur Antle and Ray F. Ryva had arrived in Denver at 11 o'clock Saturday morning in an automobile after establishing what they claim to be a record. The two left here at 2 o'clock Wednesday morning. On the last day they made 351 miles in 11 hours running time.

FUNERAL SERVICES for Ray Nelson, pioneer harness maker, who died last Wednesday after an attack of meningitis, will be held at the Mowbray chapel at 2 o'clock this afternoon. The Rev. J. H. Reedy officiating. Burial will be in Oaklawn cemetery. Mr. Nelson's wife arrived yesterday from Colorado Springs.

WALTER D. CASEBOLT, 2-year-old child of Mr. and Mrs. Walter D. Casebolt, died Friday at 11 o'clock in Tulsa yesterday. Funeral services will be conducted by the Rev. J. W. Pack from the home of the grandfather, 223 North Zuni, at 10 o'clock this morning. Interment will be in Rose Hill burial park.

N. R. GRAHAM, secretary of the Tulsa County Free Fair association and president of the municipal park board, left yesterday for a two-weeks outing in Colorado. He was accompanied by Mrs. Graham and their son, N. R. Jr. They expect to be gone about two weeks. They will travel overland in their car, which has been fitted up with a refrigerator and other equipment for camping. Their destination is Alma, Col., where they will spend a few days with relatives.
